The following circular is promulgated for information, guidance and necessary action

*Hamza S. Johari*

**Director General**

**REVISED CHARGES FOR AIR NAVIGATION SERVICES - DAR ES SALAAM FLIGHT INFORMATION REGION**

This Aeronautical Information Circular shows the charges for Air Navigation Services (ANS) being levied on aircraft operations in the Dar es Salaam Flight Information Region (FIR) as promulgated in the AIP Tanzania GEN 4.2 **with effect from 01 April 2018.**

These new revised charges were discussed and agreed in the Stakeholders meeting conducted at Tanzania Civil Aviation Authority Headquarters on 04 May 2017.

The cost of providing Air Navigation Services has escalated due to a number of factors. Currently the Authority has engaged contractors to Supply, Install, Test and Commission Four (4) Primary and Secondary Civilian Radars, VHF Main radio for Julius Nyerere and Kilimanjaro International Airports, Automated Billing System, ADS-B Phase 1, ATS Message Handling System (AMHS) and in the next Five years, the Authority is planning to invest further in, VSAT, ADS-B Phase 2, DVOR/DME (Songwe and Msalato), CVOR/DME (Tabora), ILS for Zanzibar, Eight (8) Motor Vehicles for maintaining ANS equipment's and eAIP/ AIM Systems (AIXM Database).

To ensure the continued serviceability of the facilities and surveillance coverage of the DAR FIR thus enhancing Safety and Security, the Authority is revising the charges for ANS being levied on aircraft operating in the Dar es Salaam FIR.

**FOREIGN REGISTERED AIRCRAFT.**

**Calculation of the Charge.**

The charge per journey is based on the value of the charge unit R, a product of the Weight Factor **W<sub>f</sub>**, and the distance factor **D<sub>f</sub>**, **where**

$$W_f = \frac{\text{Aircraft AUW (Tonnes)}}{50}$$

$$D_f = \frac{\text{Distance Flown (Km) in the FIR per Journey}}{100}$$

For any particular value of the charge unit R, the charge per journey will be as follows:

S/N	R = (W <sub>f</sub> x D <sub>f</sub> )	Charge (USD)
1.	Up to 1	\$ 60.00
2.	Above 1 up to 2	\$ 90.00
3.	Above 2 up to 4	\$ 140.00
4.	Above 4 up to 8	\$ 200.00
5.	Above 8 up to 12	\$ 235.00
6.	Above 12 up to 15	\$ 280.00
7.	Above 15 up to 20	\$ 320.00
8.	Above 20 up to 25	\$ 365.00
9.	Above 25	\$ 400.00

#### LOCAL REGISTERED AIRCRAFT

S/N	Aircraft Weight	Charges per Day (Tsh)	Charges per Day (USD)
1.	Aircraft weight 5,670 kg (12,680 lbs) or less	Equivalent Tanzanian shillings	\$ 60
2.	Aircraft weight 5,671 kg up to 22,680 kg (12,501 up to 50,000 lbs)	Equivalent Tanzanian shillings	\$ 100
3.	Aircraft weight 22,681 kg up to 90,718 kg (50,001 up to 200,000 lbs)	Equivalent Tanzanian shillings	\$ 350
4.	Aircraft weight 90,719 kg up to 181,437 kg	Equivalent Tanzanian shillings	\$ 550
5.	Aircraft weight above 181,437 kg	Equivalent Tanzanian shillings	\$ 700

**Note:**

1. Local registered aircraft operating an international flight shall be charged per journey using the formula as for Foreign registered aircraft.
2. For ease of calculation, the Authority sets and fixes constant exchange rate regularly and publishes them in an AIP Supplement.

*Cancel AIC 05/14 (White 104)*
