July 2008

AERONAUTICAL EXPERIENCE REQUIREMENTS FOR PPL LICENCE

1. AEROPLANE			Applicant	Official Use Only		
				S	NS	
(1) PPL Single engine class rating			QM	C		
1.	Total flight time		40			
2.	Synthetic Flight Trainer time		5			
3.	Solo flight time		10			
4.	Solo cross-country flight time		5			
5.	Number cross-country flights not less than 270 km (150 NM)		1			
6.	Full-stop landings at two different aerodromes		2			
(2) PPL Multi engine class rating – after meeting meeting the the requirements of paragraph (1), the applicant must complete training in the areas of operation for the multi-engine practical test by an authorized flight instructor in the category sought.			10	-	-	-
If the privileges of the licence are to be exercised at night						
Number of hours dual instruction under a qualified instructor in night flying			5			
Number of flights as pilot in command including five take offs and landings in an aircraft.			5			

2. ROTORCRAFT

PPL Single engine rotorcraft type rating		QM	C	S	NS
1.	Total flight time	40			
2.	Synthetic Flight Trainer time	5			
3.	Solo flight time	10			
4.	Solo cross-country flight time	5			
5.	Number cross-country flights not less than 180 km (100 NM)	1			
6.	Full-stop landings at two different points	2			
7.	If the privileges of the licence are to be exercised at night				
8.	Number of hours dual instruction under a qualified instructor in night flying	5			
9.	Number of flights as pilot in command including five take offs and landings in an aircraft.	5			

3. GLIDER

(1) PPL glider without logged flight time in aeroplane		QM	C	S	NS
1.	Total flight time	6			
2.	Solo flight time	2			
3.	Number launches and landings have been performed	20			
(2) PPL glider with logge40 hours flight time in aeroplane		-	-	-	-
1.	Total flight time	3			
2.	Solo flight time	2			
3.	Number launches and landings have been performed	10			

4. BALLOON

		QM	C	S	NS
1.	Total flight time	16			
2.	Number training flights in the areas of operation that includes-	8			
(1) PPL - Training performed in gas balloon		-	-	-	-
a)	Number flights of two hours each that consists of one training flight within sixty days prior to application for the rating on the areas of operation for a gas balloon	2			

b)	Solo flight time in a gas balloon under an authorised instructor	5			
c)	Number flights involving a controlled ascent to three thousand feet above the launch site	1			
(2) PPL - Training performed in a balloon with an airborne heater		-	-	-	-
a)	Number flights of one hour each within sixty days prior to application for the rating on areas of operation appropriate to a balloon with an airborne heater	2			
b)	Solo flight time in a balloon with an airborne heater under an authorised instructor	5			
c)	Number flights involving a controlled ascent to three thousand feet above the launch site	1			

5. AIRSHIP

		QM	C	S	NS
1.	Flight training time in airships on the areas of operation which consists of at least-	25			
2.	Solo flight time in an airship with an authorised instructor	5			
3. If the privileges of the licence are to be exercised at night		-	-	-	-
a)	Night flight time training in an airship that includes-	3			
b)	Number cross-country flights of over ?? km (25 NM) total distance; and	1			
c)	Number takeoffs and landings to a full stop, with each landing involving a flight in the traffic pattern, at an airport	5			

QM – Qualifying Minima; C – Claimed; S – Satisfactory; NS – Not Satisfactory

*** – please fill in the appropriate only**

6. The personal flying log books or other acceptable flight record must be submitted with this application, and entries relating to cross-country flying should be marked in pencil in the margin.

7. The particulars given by me in this form are true to the best of my knowledge and belief.
